March 2010

Greetings from Argentina

We would like to bring you up to date on what God is doing here. Our evangelistic Bible study is up and running. We have encountered the usual struggles with this, people becoming accustomed to the meeting time. The second week Hector's brother-in-law was killed as the wall of a house he was working on fell on him. Because of this Hector and his family missed the next two studies as they ministered to his sister and family during this time. Fernando has been faithful and has invited another couple to the study. Hector and Estela have also invited another couple. If everyone comes, we will be maxed out on the space available to us. A great problem but points out the need we have to find a larger place to meet.

Gail has continued teaching the children. This last week though with school starting there was a lack of attendance.

Pastor Bravo and the work in Villa Soldati is moving ahead at the same pace we are. They are excited because one of their son's friends received Christ as Savior two weeks ago. The Lord also opened an opportunity for him to testify in the taxi driver training class he is taking. There are several who said they would attend the evangelistic study they are holding.

I have been asked by some pastors in the municipality of Quilmes to teach them on the church, its nature and mission, this coming Saturday. I would really appreciate your prayers for this. There is also a struggling group in Bernal that has asked for help in forming themselves into a church and the preparation of a pastor. These are a 3 hour bus and train ride from Don Torcuato.

This coming week I begin leadership studies with Hector. He will also begin discipling Fernando.

### ***Prayer Requests***

- Evangelistic studies in Don Torcuato and Villa Soldati
- Salvation of Hector's sister Zulma and her three children Natalia 12, Nadia 9, and Gonzalo 6
- The leadership training with Hector and his discipleship with Fernando
- The pastors in Quilmes and the group in Bernal
- That God would provide us with a larger place to hold the evangelistic study

Your Colaborers in Argentina,

*Joe and Gail Owens*
